**HOW TO DETERMINE CORRECT SKU & PRICING** - Reading from left to right, first determine the laptop Standard Warranty Period (1); then, based on the length of time after the hardware purchase, determine the service plan Purchase Eligibility (2); next determine the Program Name & Description (3) needed; then determine the Service Plan Length (4) needed; which will then determine the Toshiba Part Number (5) and the ESUP Price (6).

<sup>1</sup> All service programs begin on the hardware date of purchase except for Extended Service Plans, which begin on expiration of the Standard Limited Warranty.

<sup>2</sup> Pricing subject to change without notice.

Refer to the Toshiba Service Plan Agreement for complete terms and conditions.
