## Legend and Notes

- The port is supported on the APR III, although the PC may not have a port built-in.
- The port is not supported on either the PC or the APR III.
- \* The PC has a PS/2 KB-Mouse common port. While docking, PS/2 KB and Mouse are used separately.
- \*\* Capability depends on the computer model variety and/or BTO options selected.
- \*\*\* The APR III Adjuster is a guide to help you correctly line up the connectors on the computer and APR III when you attach the computer.

## APR III Features

- AC Adapter included
- Security lock slot
- Computer lock
- Eject lever
- Pen stand for Toshiba tablet pen
- Undocking switch
- Docking indicator lights
